H.R. ... thank you so much for your call last evening. Subsequent to our call, I met with the brother of the Qatari Emir, Sheikh Mohammad, who has lead on marshaling the Qatari response to this crisis. He's an extraordinarily gifted young man who met with Jarad yesterday and had a blunt, but respectful conversation along the lines of our phone call.

Noting your comment about your not seeing the Qataris while in DC, H.R., the Qataris are requesting a meeting with you next week ... WED/21 JUN or THU/22 JUN ... with the Qatari FM and the Emir's brother. For purposes of this crisis they have lead within the Qatari government. I truly believe if you can find 45 minutes to spend with them you'll be impressed with the seriousness and dedication Qatar is prepared to exert in response to this crisis.

Thank you so much

Semper Fidelis and Hooah ...

John Allen
