Daniel-

Please see the attached proposal per our last conversation. Since we weren't able to get into it in depth in our meeting, we tried to provide a little better sense of the product by attaching some of the raw data that is produced through the elite mapping procedure. Take a look at the attached and let's discuss after you have had a time to look it over. I am happy to get some of the other folks on the phone with you if you want us to further explain some of the attachments.

Best,

Hunter
