Everything is between us. All good! What is the UN Food Program called? I know you mentioned your dad would probably join the dinner as well. Anyone else of note? Praying for Beau.

Ok- the reason for the dinner is ostensibly to discuss food security. Dad will be there but keep that btw us for now. Thanks. Also let David know I will get back to him asap- probably sometime next week when we are through these next few days with beau- which also is just btw us.

All good. You do what you have to do. Family first. We haven't gotten the details from the WH yet but it's usually 4 to 6. I am praying for Beau. Please send him my regards.

As long as the event is after or before the White House's Greek Reception we would be honored to attend.

Yannis was the gentlemen who hosted us for lunch and sat next to you at the bazoukia. The shipowner. You invited him to come because you thought hed be helpful in logistical support of the program.

Remind me who Yannis is again. Also will you and your father be able to attend?

Hunter, good morning. How's it going? Do you have any more information for the UN event scheduled for April 16th? Yannis Vardinoyiannis called me this morning to follow up and confirm his travel plans. Thanks!
