Hi Hunter:

I just read Maureen Dowd's column about your family. Great piece- although I did not care for her denigration of my hero Tom Brady.

I'm teaching American politics this week at the University of Tokyo. Meeting Foreign Ministry official Tuesday..and word is we've secured \$100,000 for the Truman Center.

Thanks for your supportive letter on this some time back. It's taken a bit of patience but we've gotten there.

Contact me anytime and let me know if you ever need anything.

Sincerely,
