Ok, thank you, MOC have said differently. I will address on my own. USCP will not look good as a result.

Lieutenant Byrd,
I know we discussed this informally a few months ago but I'm sorry to inform you formally that the Capitol Police Board has decided not to disburse any funds from the Memorial Fund to you for the events of January 6th. I know this is disappointing but, as we discussed, your GoFundMe, which was very successful, would have covered these expenses.
